

STEP 1

Yellow Flag Programme

www.yellowflag.ie

A Note for parents, guardians and community members

We are delighted to let you know that your school has been accepted into the Yellow Flag Programme. This programme will enable the students, staff and the wider school community...

- to learn more about their own and others' culture
- to value and celebrate the cultural diversity that is in the school
- to learn more about treating people fairly

If the school can complete 8-steps, you will receive your Yellow Flag. The Yellow Flag will show everyone that you are a school that values cultural diversity. Involving parents, families and communities is one of the steps - your help is needed to earn a yellow flag.

What will be happening?

Students and teachers will be asked to learn more about each other's culture. You will have an important role to play, as you can talk to your child about their culture, heritage and history. We want every child to be proud of themselves, their community and culture.

You will be finding out what students and parents think about your school, and how their culture is valued - share your views with the school or fill out the school survey later this year.

Your school will be celebrating the cultural diversity in the school and having events for parents and families, please come along and get involved.

The school will be inviting people into class to talk to us about their culture - maybe you or somebody you know would like to give a talk?

Yellow Flag Parents
What are my ideas for the Yellow Flag Programme?

Find out more...

To find out more about the Yellow Flag Programme go to www.yellowflag.ie

To share your ideas and find out more about the Yellow Flag Programme in your school please talk to _____ (Yellow Flag Link Teacher). You can also email him/her at _____ or phone _____.

"Our cultural diversity will not be a barrier, but rather a reason for our success"
- we look forward to this year together.
